**APPOINTMENTS:**

9:30 a.m.-Bonsey, Josh

Mr. Bonsey met with the Board for his scheduled probation interview. Since he is no longer working in this field, Mr. Ormond reminded him that he will need to still comply with the requirements of his MOU (Memorandum of Understanding), and that a "Quarterly Employer Report" will need to be submitted, noting that he is not working in this industry. It was determined Mr. Bonsey is in compliance with his MOU, and will meet again with the Board on October 27, 2006 at 9:30 a.m.

Mr. Brown met with the Board for his scheduled probation interview. A positive "Employer Report" was received by the Division on June 30, 2006, from his supervisor Lance Stephenson, the Director of Medical Imaging, at Davis Hospital. Also a positive "Counselor Report" was received on May 4, 2006, from Tom Fairbank, PhD. It was determined that Mr. Brown is in compliance with his Stipulation and Order. He will meet again with the Board on October 27, 2006 at 9:45 a.m.

#### **DISCUSSION ITEMS:**

ARRT Exam fee increase

Ms. Ellis reviewed a letter from ARRT (American Registry of Radiologic Technologists) which, stated that they would be increasing their exam fees to \$100.00 per exam, starting on January 1, 2008. The Board was a little confused; they had not heard about a fee increase. Ms. Ellis volunteered to contact ARRT for clarification.

Rules Hearing Outcome

Mr. Ormond explained that at the Proposed Rules Hearing, there were no comments either for or against this change. The Rules change will take effect on July 31, 2006.

#### **CORRESPONDENCE:**

ARRT Exam Pass Rates

The Board reviewed this information, with no action taken.

ARRT Sanctioned Cases

Ms. Ellis reviewed a letter from ARRT, which outlines all of ARRT Sanctioned Cases from the February, 2006 meeting. None of the individuals listed are currently licensed in Utah. Ms. Wood asked if this list included Criminal Charges as well as Ethics Violations. Mr. Dicou and Mr. Ormond agreed that this list covers Criminal Charges and Ethics Violations. Ms. Wood commented that the Board and Division needed to insure we are following the ARRT Standards of Ethics. Mr. Ormond reminded the Board that during renewal all licensees are asked if there has been any change in their criminal history, however since the Division does not have the legal right to request a Background Check be run or submitted for this profession, the Division is unable to determine if a licensee is being truthful. He further stated that if the Utah Society of Radiologic Technologist wants

to allow the Division this right, they could propose a statute change.
